The science is clear: we face an unprecedented climate and ecological global emergency.

Extinction Rebellion (XR) is a worldwide movement using nonviolent civil disobedience to force institutions to act on the crisis.

This pack is your introduction to Extinction Rebellion UK. Our goals, the principles we stand for, our ways of working. But most importantly, it’s your guide to taking part.

WHAT IS THE CLIMATE AND ECOLOGICAL EMERGENCY?

Our video ‘Heading for Extinction and What to Do About It’ explains what the emergency is. (27 mins)

WHAT DO WE WANT TO ACHIEVE?

We have three demands

1. TELL THE TRUTH
Government must tell the truth by declaring a climate and ecological emergency, working with other institutions to communicate the urgency for change.

2. ACT NOW
Government must act now to halt biodiversity loss and reduce greenhouse gas emissions to net zero by 2025.

3. BEYOND POLITICS
Government must create and be led by the decisions of a Citizens’ Assembly on climate and ecological justice.

WHY DO WE NEED TO REBEL?

• We have known we are heading for disaster for over 30 years.¹

• In that time, carbon emissions have increased by 60%.²

• In the last 50 years, wildlife populations have decreased by an average of 68%.³

Our governments have not protected us. Conventional campaigning has failed. We are almost out of time to change course.

Civil disobedience has a history of achieving change where other methods have failed. For example the Suffragettes gained the vote for women by their actions.

We must act now for the sake of all life on earth. We will not be led quietly to extinction by elites and politicians.

WHAT DO WE USE TO GUIDE US?

We have **ten principles and values**

1. **We have a shared vision of change**
   Creating a world that is fit for generations to come

2. **We set our mission on what is necessary**
   Mobilising 3.5% of the population to achieve system change – using ideas such as “Momentum-driven organising” to achieve this

3. **We need a regenerative culture**
   Creating a culture which is healthy, resilient and adaptable

4. **We openly challenge ourselves and this toxic system**
   Leaving our comfort zones to take action for change

5. **We value reflecting and learning**
   Following a cycle of action, reflection, learning, and planning for more action. Learning from other movements and contexts as well as our experiences

6. **We welcome everyone and every part of everyone**
   Working actively to create safer and more accessible spaces

7. **We actively mitigate for power**
   Breaking down hierarchies of power for more equitable participation.

8. **We avoid blaming and shaming**
   We live in a toxic system, but no one individual is to blame

9. **We are a non-violent network**
   Using non-violent strategy and tactics as the most effective way to bring about change

10. **We are based on autonomy and decentralisation**
    We collectively create the structures we need to challenge power

**HOW WE ORGANISE**

We work in small groups using a **self-organising system** (SOS). Some groups operate at a UK-wide level, others at a regional/national level and others again at a local level.

We are also creating a network of **affinity groups**: small groups of people who work together at actions.

Each role and group within XR has a **mandate**. This tells those in that role or group what they can do and lets others know what they are responsible for.

Any person or group can take action in the name of XR so long as the action fits within our principles and values. There is no need to ask for permission.

We are working to build a movement that is **participatory**, **decentralised** and **inclusive**.

**HOW OUR ONLINE MEETINGS WORK**

Most of our online meetings are by Zoom. You don’t need an account to join a meeting, just:

1. Open an internet browser.
2. Go to [zoom.us/join](https://zoom.us/join)
3. Enter your meeting ID (provided by the organiser).
4. Click Join.

We use hand signals in our meetings to avoid talking over one another. These are the most common ones:
The crisis we find ourselves in can cause us very real and painful emotions such as grief and anxiety. Extinction Rebellion offers:

**Telephone Active Listening**
Make a request to speak with a trained and vetted Rebel Active Listener by emailing Rebel2Rebel@tesn.uk

*(Please note that this is not a counselling service.)*

**Counselling or Psychotherapy**
The Climate Psychology Alliance (CPA) provides a list of Practitioners offering three free sessions of therapeutic support to activists.

*(Please note that the practitioners have not been formally vetted so it is up to you to confirm their suitability.)*
