What is the Communities Working Group?

We need 3.5% of the population to be actively involved with the rebellion if we are going to change the current system. To achieve this we need to go into Communities and talk to people, organise with people and take action. We focus on who is in the movement by reaching out to people, helping people organise XR actions in their local areas, and welcoming new activists to join our numbers!

Where does Communities fit in to the XR Structure?

We lie within the **Movement Circle** in XR, meaning we are a key part of Extinction Rebellion's movement building. Within Communities you will find:

- **Regional Development** - helping to form, and support, local groups across the UK.
- **Integration** - connecting new volunteers to their place within XR.
- **Affinity Group Support** - supporting affinity groups in action & organisation.
- **Connecting Communities** - reaching out to diverse communities to form cooperative relationships.
- **Reactive** - providing XR's digital voice by interacting from our online platforms.
- **Rebel Ringers** - reaching out to rebels across the movement over the phone.
