**We are facing an unprecedented global emergency.
The Government has failed to protect us.
To survive, it's going to take everything we've got.**

We are protesting to demand the government takes immediate action on the Climate and Ecological emergency.

We are at risk of triggering abrupt climate breakdown and a sixth mass extinction.

We face floods, wildfires, extreme weather, crop failure, mass migration and the breakdown of society.

Extinction Rebellion has three demands of the UK government:

1/ TELL THE TRUTH
by declaring a climate and ecological emergency, working with other institutions to communicate the urgency for change

2/ ACT NOW *to halt biodiversity loss and reduce greenhouse gas emissions to net zero by 2025*

3/ Create and be led by a NATIONAL CITIZENS' ASSEMBLY
on climate and ecological justice.

The time for denial is over. It is time to act.
