CITIZENS' ASSEMBLIES ARE BEING USED MORE AND MORE TO FIND THE ANSWERS TO DIFFICULT ISSUES ALL OVER THE WORLD

In Ireland, Australia, United Kingdom, Poland, Belgium

IN A DEMOCRACY THE VOICE OF PEOPLE SHOULD COUNT

// There just seems to be a political disconnect all over the Western World for the traditional political parties ...you can't have too much democracy...And democracy should be an expression of the will of the people...we're an [informed] expression of the will of the people."

"You get to hear what the ordinary people, the people that it affects on the ground, how they feel about something."

WE ARE THE PEOPLE WE NEED

Don't confuse **citizens' assemblies** with **people's assemblies**.

People's assemblies are open to anyone who wants to attend, they last a few hours and are great for quick discussion or decision making.

Citizens' assemblies are made up of randomly-selected people from all walks of life coming together over a period of time to investigate and find solutions to difficult issues.
